

Dear Parent,

**SUBJECT:- FOR CLASSES IV TO VII**

**NEWSPAPER IN EDUCATION:** - The Hindustan Times has been running the 'HT Pace' programme in most of the reputed Public schools. As our school is also enrolled as HT Pace member, I would like to tell you little about HT Pace Programme and the logistics involved.

With its vast scope of subject matter, the daily newspaper is like a window to the world around us. It is provocative, stimulating, challenging like a teacher. Some excellent reasons for using the newspaper in the class are its adaptability, relevance, readability, motivation, economical.

Since the newspaper which is used in Class as an educational aid forms the very basis of the programme, students subscribe to it through the school. Students of classes IV to VII will be the subscribers of Hindustan Times (student edition). **This programme is available at a highly discounted rate of Rs.275/- (Rupees Two Hundred Seventy Five) for Six months (110 days).** Various workshops and educational trips are also organised for all round development of the student. **Though HT Pace enrolment is optional, but on my personal front, I would recommend participation for all.** This noble gesture on your part will help in developing reading & writing skill in your child.

Please fill in the attached slip indicating your willingness to have your child become a member of NIE a unique and exclusive education programme.

**CHANGE OF ADDRESS & TELEPHONE NUMBER** :- Parents are requested to forward their latest address & telephone numbers in the intimation slip attached so as to facilitate effective communication between parents and teachers. Kindly inform the Class Teacher immediately in case you change the existing mobile/telephone number. **This will help us to keep in touch with you.**

(DHIREN M. DOSHI)
