**GUIDELINES FOR PARENTS DURING VACATIONS**

- Parents should make efforts to spend quality time with their children in these holidays. Try to speak to your child in small sentences in English and encourage him/her to respond in same language.
- Make them practice written formations daily.
- Keep your children away from T.V., Mobile Phones, Computer and other electronic gadgets and arrange some good story books with colourful pictures for your kids.
- Try to make the child independent by allowing him/her to do little work by helping mother in some household work like placing crockery on the table or serving water etc.
