

SRI GURU NANAK PUBLIC SCHOOL

Adarsh Nagar, Delhi-33

Cir No.1/Fee/2024-25

Dated:- 23-03-2024

The School Management Committee in its Meeting held on 6th March 2024 reviewed the fee structure in the light of the **increased expenditure on staff establishment, twice-a-year increase in Dearness Allowance and escalation in the cost of lab equipment, books, sports equipment and almost all other items required in the school.** However, it is to be noticed that our school fees have been the minimum possible considering the school programmes and facilities we offer to our students.

The members of the Managing Committee & Representative of PTA felt that keeping in view the factors stated above and despite exercise of the utmost economy there was need to improve the resources by way of increase in fees. Keeping in mind, the problems of the parents and their financial capabilities it has been decided to increase the **Tuition fees within the limit of 10% of the existing fees and Development Charges of 10% of the Total Annual Tuition Fee Payable** for the year 2024-25. **Annual Charges** have been increased by **Rs. 200/- per annum only.** It will support us to pay the due salaries to the teachers, to supplement the resources for purchase, up-gradation and replacement of furniture, fixtures and educational equipments to maintain a standard quality of education which is being imparted in the school. We hope that you will appreciate the tremendous financial constraints under which we function in the school. **We sincerely appreciate your co-operation extended to us in the past and we whole-heartedly expect the same in future also.**

Dear Parent,

FEE STRUCTURE

The School keeping considerate attitude towards Parents and Covid's impact on them had not revised its fee structure for last four years. In view of the increase in expenditure on staff establishment, increase in the dearness allowances twice in a year and the escalation in the cost of lab equipment, books, sports equipment and almost all other items of use in the school now, the School cannot sustain with the same fee structure. The School Management Committee meeting was held on 22nd March 2023 to review the fee structure of new academic year 2023-24. The members of the Management Committee including the Directorate of Education's Nominees and the representatives of PTA felt that despite exercise of utmost economy there is a need to improve the resources by way of increase in fees. Hence, it is decided unanimously by the Management Committee members and representatives of PTA to increase the tuition fee **within the permissible limit of 9-10% of the existing** fees, Development Charges of 10% only of the Annual Tuition Fee and the **Annual charges will remain the same as last year.** The members of the School Management Committee hoped that the parents would appreciate the tremendous financial constraints the school authorities face and therefore support the School Management to strengthen the on-going process of progress. **We sincerely appreciate your co-operation extended to us in the past and we whole-heartedly expect the same in future also.**
